Student Meal Plans

Flex Points are an internal currency we use for quick and convenient purchases across campus! They are different from the Flex Dining Plan, though that plan does Flex Points! Flex Points from the Flex 14 and Flex 20 meal plans expire at the end of the semester, so make sure to use them!

On-Campus Plans

TRADITIONAL PLANS

The simplest of our meal plan options, Traditional Plans give students a fixed number of meal swipes per week that can be used to access either of our Dining Halls, Earl's Coop, or to get a smoothie from Smooth Moves.

FLEX PLANS

Flex Dining Plans build on the Traditional Plans by allowing students to use their meal swipes as "Flex Meal" swipes at our campus markets. Additionally, these plans come with "Flex Points" that can be spent at the majority of our venues, including campus cafés, food trucks, or our Baker Center dining venues.

Off-Campus & Commuter Plans

BLOCK & BLOCK+ PLANS

Perfect for students living off-campus or commuting to campus, Block Plans give a specific number of meal swipes that can be used throughout the entire semester. Additionally, Block+ Plans give students an additional Flex Points balance for use at many of our retail operations across campus.

DESTINATION DINING

Destination Dining offers students a program to purchase \$450 worth of Flex Points, valid through the entire academic year, at a discounted rate, giving students who need it the freedom to utilize the convenience of our Flex Points system to their best advantage.

Sustainability

Culinary Services, one of the largest self-operated, non-franchised college dining services in the nation, takes food waste and recycling very seriously. Each of our campus venues abides by the standards and initiatives set forth by Ohio University and the Office of Sustainability.

Eat Local. Eat Seasonal.

Eating locally and seasonally supports our region and lowers your carbon footprint. When you eat local, money is going directly to farmers, creating economic growth in our region. They are then able to grow more food. Eating seasonally means that your food isn't traveling far to get to your plate, and is more cost effective.

Nutrition & Allergens

Ohio University Culinary Services is committed to offering healthy food at every meal. Our team prepares approximately 3.5 million meals per year and serve a diverse population of students, faculty, staff and university guests. Our philosophy is based on “choice dining” as we offer a wide variety of freshly-prepared foods daily.

Allergens & Special Diets

Some individuals have food allergies and other special dietary needs. We are committed to serving every member of the Ohio University community, and that means making sure we offer food choices that meet everyone’s needs.

On top of exceptional service, our staff members are trained to provide an inclusive and caring environment for everyone who chooses to eat with us. If you have specific dietary needs, we have a booklet that includes everything you need to know about how we are working to accommodate you.

Reusable Container Program

Ditch the disposables, embrace the reusables!

Ohio University's Reusable Container Program is your one-stop shop for eco-friendly dining on campus. For a one-time fee you can purchase a reusable container that you can fill up at any of our residential dining courts. Once you're done, simply return it for a clean one or a key tag that you can redeem for a clean container later.

Not only is the Reusable Container Program good for the environment, it's also good for your wallet. By using a reusable container, you can avoid the cost of disposable takeout containers, which can add up over time. And, since you get a clean container every time you return yours, you'll never have to worry about running out.

It's a win-win-win! You'll save money, reduce waste, and help us protect the environment. Plus, it's a convenient way to grab a healthy meal on the go.

*Green means go: No dining in please!

Fighting Campus Hunger

Cat's Cupboard Food Pantry

Located in Baker University Center, the Cats' Cupboard food pantry provides students access to fresh, frozen, and shelf-stable food options to help with hunger. We're proud to support the pantry with food drive events and other means of support to fight hunger on campus.

Have a little extra? Share with the Meal Bank!

The Meal Bank program allows students to share meals from a campus meal plan with fellow students experiencing hunger. Culinary Services facilitates a donation period to collect meal donations from students and distribute them directly to Meal Bank users' OHIO ID cards for use in campus dining venues.

Athens campus students who are on a Traditional, Flex, or Block Meal Plan can donate up to three meals during a designated period each semester. Cashiers will be ready to process your shared meals at The District and Nelson Court during the donation period.
